

NEED HELP WITH INTERNET COSTS?

What is the ACP?

The **Affordable Connectivity Program** is an FCC program that helps connect families and households struggling to afford internet service.

The benefit provides:

- **Up to \$30/month discount for internet services**
- A one-time **discount of up to \$100** for a device purchased through some participating providers (if the provider you're getting service from is offering devices)

How to apply:

- 1 Visit ACPSBenefit.org/do-i-qualify/ to verify your eligibility
 - 2 Fill out an application online or download and print an application to mail in
 - 3 Apply your benefit with your internet service provider
- * **Note:** Internet providers with residents on a low-income program allow direct ACP sign-up.

You can use your discount with almost all internet and mobile providers.

For help and more info, go to ACPSBenefit.org or call 1-877-384-2575.

The City of Seattle's Digital Equity Program supports getting Seattle residents connected.
